

# Scheda Tecnica

Lampadina Led E40 luce bianca 230v per campana industriale e lampioni marca Silamp. E' possibile cambiare da e40 a E27 comprando un adattatore portalamпада disponibile da noi, così si può usarlo anche su normali portalamπάde E27.

La nostra lampada è tra di quelle di ultima generazione perchè all'interno è installato il nuovo sistema di raffreddamento a doppi ventilatori, garantendo così la massima efficienza luminosa senza danneggiare i led per eccessiva calore accumulato.

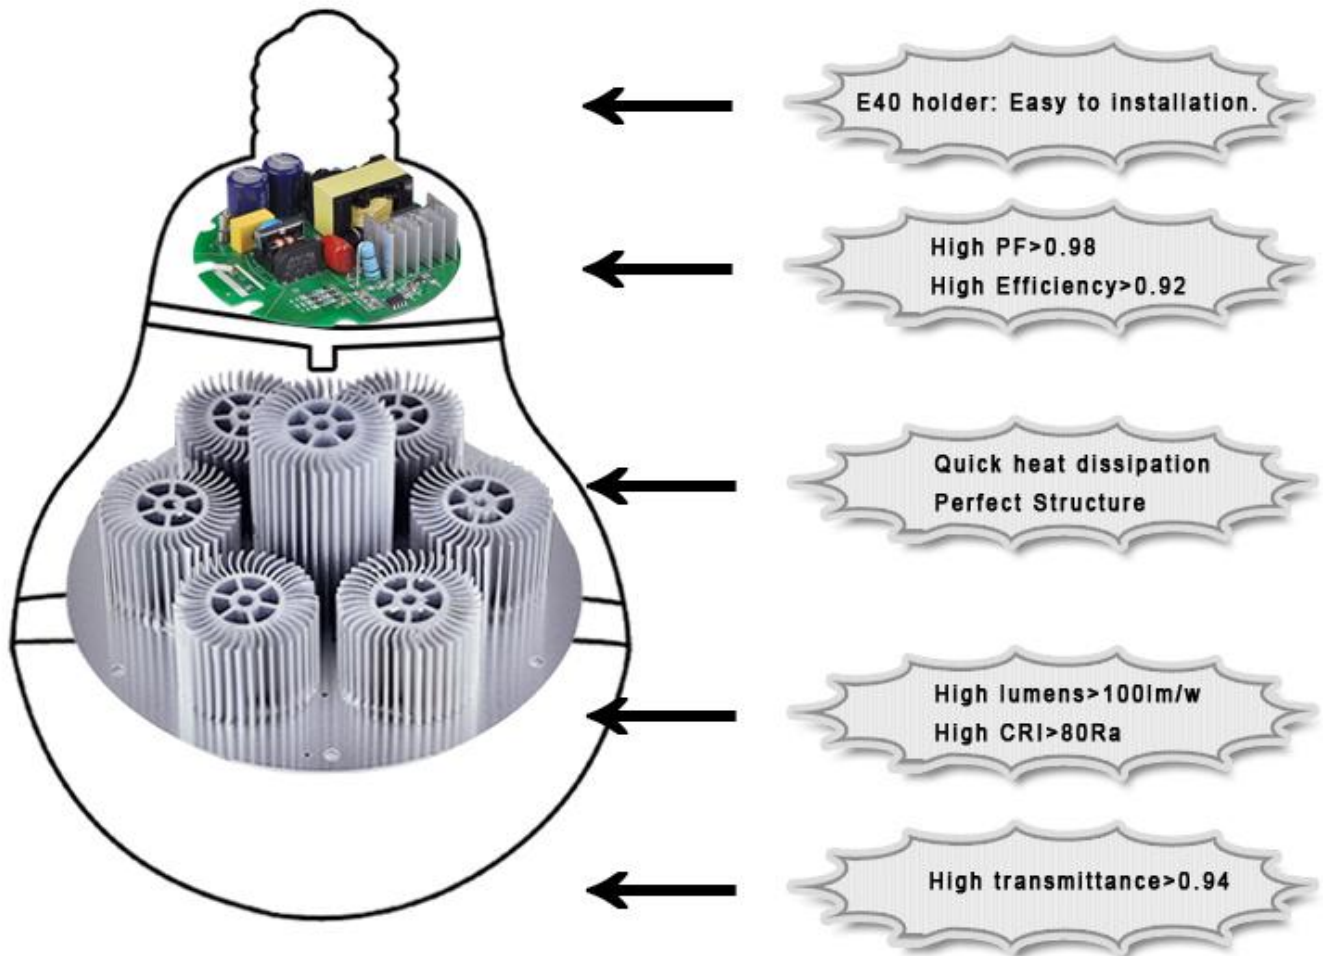

<b>Item</b>	<b>7 series with CE &amp; RoHS</b>
<b>Power</b>	<b>50W 100W</b>
<b>Chip Type</b>	<b>SMD2835</b>
<b>Chip Brand</b>	<b>Edison from Taiwan</b>
<b>Luminous Efficiency</b>	<b>85-95LM/W</b>
<b>CRI</b>	<b>Ra≥85</b>
<b>Input Voltage</b>	<b>85-265V</b>
<b>Frequency</b>	<b>50/60Hz</b>
<b>PF</b>	<b>&gt; 0.95</b>
<b>Driver Efficiency</b>	<b>&gt; 0.92</b>
<b>Driver</b>	<b>Isolated constant current No flicker</b>
<b>Lamp holder</b>	<b>E40</b>
<b>Material</b>	<b>PC+Aluminum</b>

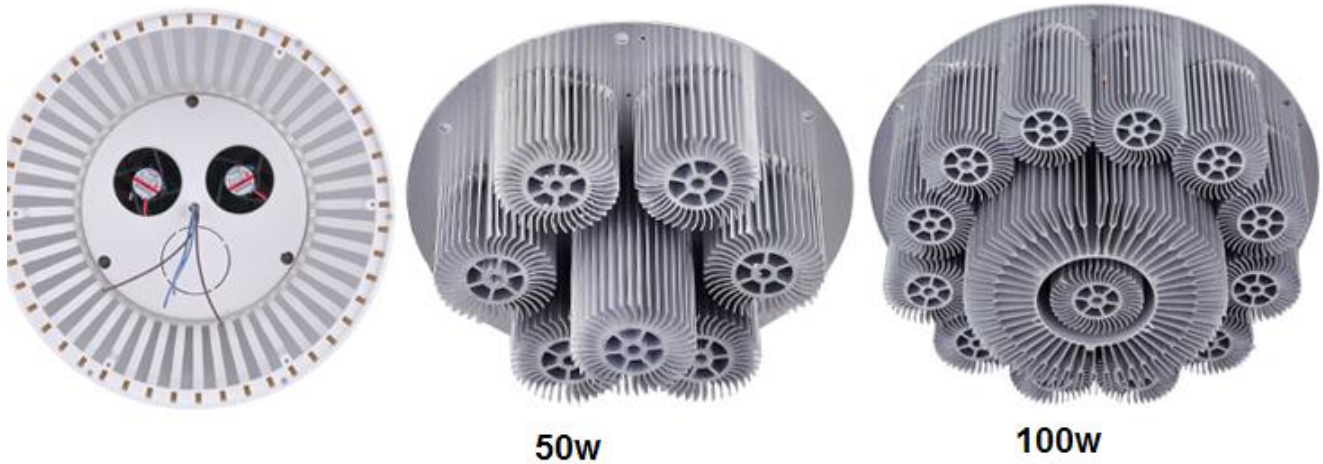

- E40
- fredda 6500k
- lampadina led e40 marca Silamp
- 230V/50Hz
- versione da 50w e 100w
- lumens 85-100lumens/Watt
- Durata media: >30 000h
- CRI: Ra80
- Power Factor: 0,95
- Certificati CE, RoHS
- Prodotto nuovo in imballo di fabbrica
- -Alta qualità della luce in uscita il giorno
- - Accensione istantanea
- - Altissimo risparmio energetico
- -Rispetta l'ambiente (non contiene mercurio, nessuna emissione di raggi UV)

- -Costo accessibile
- -Bello esteticamente
- -Alta luminosità
- - Lunga durata (no costi di sostituzione)
- -Facilissima installazione, adatto per casa, ufficio, retail o l'illuminazione di installazione in fabbrica
- -Le dimensioni standard permettono tutti i tipi di installazione

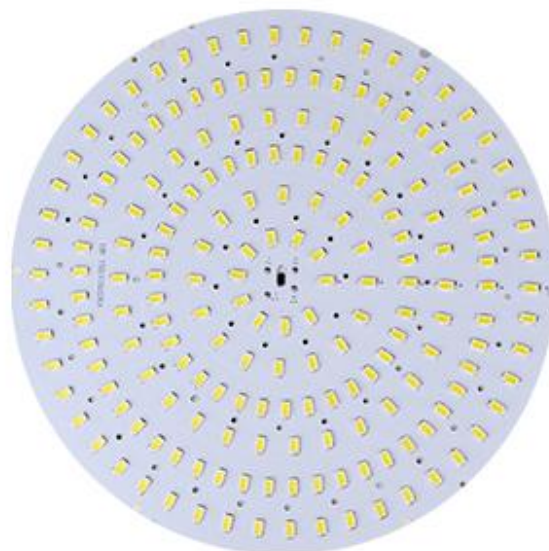

Unique custom-made LED driver is more matched with the light source. The input terminal can be good Surge Protection and anti-interference. It can match with the not stable electrical environment. All the components and parts use the top quality products, make sure the driver safe and high efficiency.

1. Hollow lamp body is good for heat dissipation.
2. There are several heat radiators which made of 6063 aluminum big area for heat to dissipate.
3. More than 100W we design to fix the FAN to speed up the heat dissipation. The fan is from the best quality brand supplier SUNON in Taiwan. The voice is low and long lifespan. It's perfect for the heat dissipation so that make sure the long lifespan.

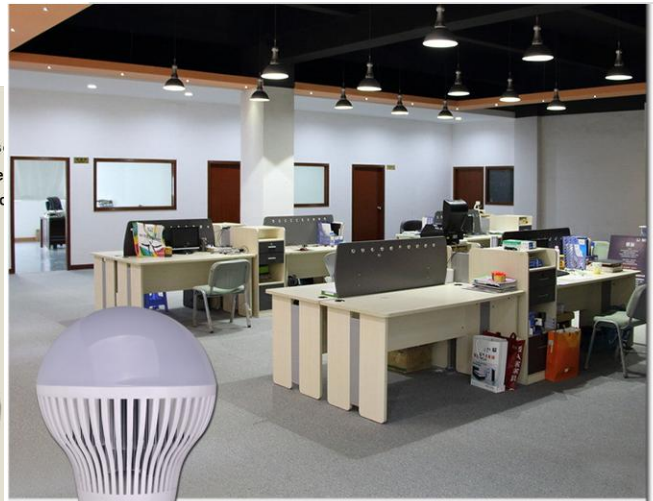

The heat conductivity of aluminum PCB is 2.0, can pass 3000V high voltage testing. Big size chip, 100% copper holder, 99.99% gold line can insure high power working for a long time.

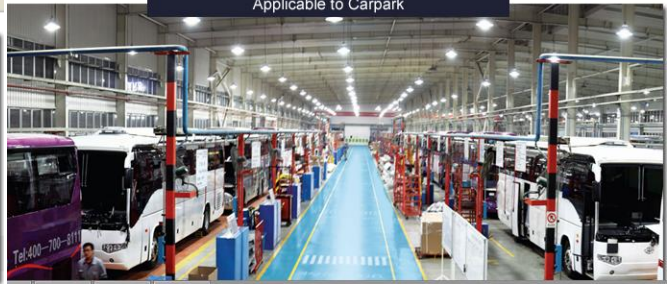

Applicable to Warehouse  
 Choose the suitable color temperature to make the working more active and comfortable.

Applicable to Office  
 Good light make the good working environment, no flicker and eye-shield. Let you keep the best working state.

Applicable to Carpark

I prodotti di Silamp sono sempre e tutti conformi alle normative Ce e Rosh.
